Dr Sir.

We have 4 oz 17 pennyweights of
native Buckingham gold which an assay
at the mine gives
Fineness in gold. 690
" " silver 290

It is not convenient now to get more, to
bring the quantity to \$100 value required
for coining. Would you allow us to
send it by Adams Express and make the
charges as though for \$100 worth? Do
not care particularly for coin, a check
or currency would suit as well, but will be glad to
get the value in any way. Please advise us.
Very Respectfully Duvall & Robertson & Co.
